Know what machine works for you

- Get the cleaning solution that fits

Make it
sustainable!

Our machines

WM 3400 for parts:

- Dimensions (w/d/h in mm): 2000 x 900 x 500
- Solvent and caustic cleaning
- Hobcock spraying lance
- Specialized adapters for complex geometries
- Hose cleaning
- Solvent needed for washing trials: one IBC

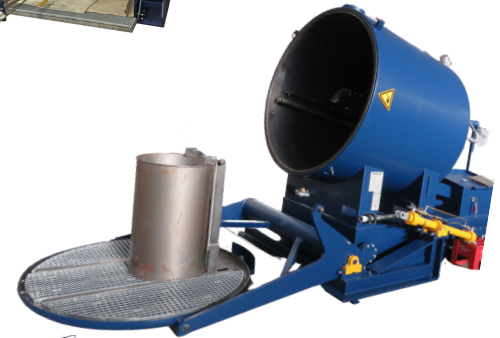

ROBUS for round containers with outlet:

- Dimensions of Customer Container Ø: 500-1200 mm, inner height: 500-1300 mm
- Solvent and caustic cleaning
- Outlet cleaning device possible
- Renzmann containers for preparation available
- Solvent needed for washing trials: 800l

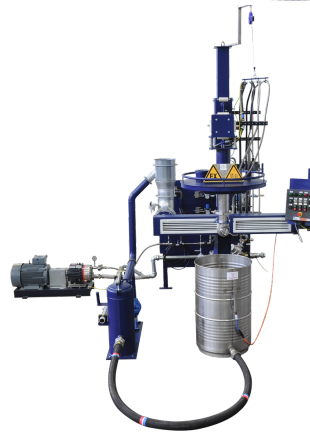

SKM for round containers:

- Dimensions for Customer Container Ø: max. 1100 mm, height: max. 1200 mm
- Solvent and caustic cleaning
- Outlet cleaning possible
- Renzmann containers for preparation available
- Solvent needed for washing trials: 800l

SP50 for round/cubic containers with outlet:

- Dimensions of customer container: max. Ø 1500 mm, container height: 950-1700 mm
- Solvent and caustic cleaning
- Outlet cleaning possible
- Renzmann containers for preparation available
- Solvent needed for washing trials: 800l

ROTomaX 30 for solvent recovery:

- Batch operation
- Refill operation
- Filling ramp (critical foaming solvents)
- Heating ramp (solvent mixtures with a wide range of boiling points)
- Recycling of washing solvents after trials
- Solvent needed for distillation trials: one IBC

Benefit from years of experience in solvent recovery and washing solutions from our interdisciplinary team
